## Documentation for your NIE

The NIE (Spanish Foreign Citizen ID Number) is a personal, unique and exclusive number that all foreign citizens in Spain must have for identification purposes.

NIE numbers in Spain are issued ex officio by the Directorate-General of the Spanish National Police Force, provided that the foreign citizen is not in Spain illegally and states the reason for requesting allocation of such a number.

Hence, if the applicant intends to study or work in Spain and therefore go to live in Spain in the near future, it will not be possible to apply for this number via an embassy but must rather be done through the police in Spain (citizens of Member States of the European Union must register as such and will thus obtain an NIE; citizens of non-Member States of the European Union will obtain an NIE together with a residence permit).

Obtaining an NIE via an embassy will take approximately one week, unless you opt for delivery of the NIE by standard mail rather than email, in which case the process may take longer. In any case, the time required does not depend on the embassy in question but rather the authorities in Spain.

## Healthcare assistance

### IF YOU ARE A EUROPEAN CITIZEN

You must request a European health insurance card in your country.

### To what does the European health insurance card entitle you?

The Spanish State covers the healthcare needs of all its citizens through the National Health System managed by each Autonomous Region. In general, it only covers medical assistance; dental and eye treatments (that are not general consultations) are excluded and you will need to visit a private medical service in such cases.

Citizens of Member States of the European Union or Iceland, Lichtenstein, Norway and Switzerland may use Spain's healthcare services during their time studying by presenting their European health insurance card.

### How to visit a doctor and where to go?

To book an appointment at a medical center, you should:

1. Find out which medical center corresponds to your address.

You can find out which medical center you should use at <https://bit.ly/2CmVchc> by clicking on the center search tool.

2. Call the center to book an appointment.

### NECESSARY DOCUMENTS AND REQUIREMENTS FOR APPLYING

1. Completed forms. Form EX-15:

<https://bit.ly/2LkgTkF>

2. Valid passport (European Union citizens can present an ID card); original and copy.

*The copy must be on a DIN A4 sheet of paper; for passports, the copy should be of the page containing the photograph; for ID cards, the copy should show the front and back on the same page.*

3. Payment of the admin fee.

4. Proof of registration at the university or proof of address.

5. Book an appointment at the Immigration Office:

<https://sede.administracionespublicas.gob.es/icplusplus/>

6. When the applicant is a minor, the father, mother or legal guardian must also be present and provide copy and original of their ID document.

### IF YOU ARE NOT A EUROPEAN CITIZEN

Medical insurance is mandatory for all international students requiring a visa to study in Spain (i.e., students who are not residents in or nationals of Member States of the European Union, Norway, Iceland or Liechtenstein). By not taking out this insurance, you run the risk of not receiving proper medical assistance.

If you are going to study a program that involves a period of time outside of Europe, you should consult your insurance company regarding the need to take out additional medical insurance coverage for that period. This insurance can be taken out by any student studying any of the programs offered by Universidad Europea de Valencia. There are several companies that offer private medical insurance in Spain besides the company mentioned above. They include: Sanitas, Asisa, Mapfre, Generali, Santa Lucía, DKV, etc.

### WHAT HAPPENS IN THE EVENT OF A SCHOOL ACCIDENT?

#### At the university

You are covered by academic insurance if:

- You are under 28\*
- You have a TIE residency card (green card)

#### Outside the university

- During a university activity, you are covered by academic insurance if:
  - You are under 28\*
  - You have a TIE residency card (green card)
- During something unrelated to the university, you should have your own health insurance:
  - If you are a European citizen: You should be in possession of the European health insurance card, which you should have obtained in your home country. Valid for two years anywhere within the Spanish Public Health System.
  - Non-EU citizen (non-Schengen): You should be in possession of private insurance cover, which will entitle you to receive assistance from a specific network of healthcare centers.

### STEPS FOR BEING COVERED BY ACADEMIC INSURANCE

1. Register with the electoral roll
  - Book an appointment with the Local Council.
  - Prepare the necessary documents (rental contract, deed of sale, direct debit, electricity bill, student residency certificate, etc.)
  - Attend your appointment at the Local Council with the documentation and you will be given your electoral register certificate.

2. Obtain your NIE and Residency Card (TIE) - EU citizen registration.
  - Book an appointment with the Police Station (do this in advance and book online from your home country).
  - Prepare the necessary documents (ID document, electoral register certificate, proof of enrolment, proof of economic resources).
  - Attend your appointment at the Police Station with the documentation and you will be given your NIE number. You can request and receive the TIE (green card) at the same appointment.
3. Deliver the Residency Card (TIE)
 

Deliver a copy of your TIE (Residency Card) to Student Services at the university. en Atención al Estudiante de la Universidad.

\* If you are over 28, consult the Student Services Office
